Consent for Drug and Alcohol Testing and Authorization for Medical Records Release

Athletic performance and reputation of the athlete, Madras High School and Jefferson County School District depends in part, to the conduct of the individual athlete. Use by athletes of alcohol or controlled substances is prohibited, and the District has adopted policies for drug and alcohol testing for its athletes. The results of such a test is a form of medical record, and permission is needed for its release to the District.

The undersigned athlete and his/her parent or guardian hereby authorize Jefferson County School District 509-J or its designated agent to obtain urine samples from the athlete in the manner authorized by the District's policies and procedures and to have said samples tested for the presence of alcohol, controlled substances (drugs), or both. This authorization is also a consent and authorization for the testing laboratory to share and release the results of such tests to authorized personnel of the school district, and to the parents or guardians or the athlete.

If the athlete being tested is taking medically prescribed drugs, this form authorizes both the prescribing physician and the supplying seller to release information about such medications upon request from the School District or its laboratory testing agent for the purpose of complying with the District's policies, and to avoid incorrect test results.

This consent is intended to comply with requirements of the Family Education and Right to Privacy Act as well as with the state and federal law pertaining to medical records, and to allow sharing and release of information with the persons and personnel described above about the athlete's test results and any current prescribed medications.

We understand if a positive test result for drugs and/or alcohol is confirmed, the student-athlete will fall under the school and districts behavior code, which can result in the loss of athletic eligibility for one (1) school calendar year or for any remaining high school eligibility the student might have.

“WE HAVE EACH READ AND REVIEWED THIS CONSENT-AUTHORIZATION FORM, UNDERSTAND IT, AND CONSENT TO THE TESTING. WE ACKNOWLEDGE THAT THE TEST RESULTS AND OTHER DATA TO BE RELEASED MAY INCLUDE MATERIAL WHICH IS PROTECTED BY FEDERAL OR STATE LAW, AND MAY INCLUDE INFORMATION PERTAINING TO DRUG OR ALCOHOL ABUSE.
